

This modern home includes more than first meets the eye. Under one gable roof, four bedrooms are all positioned for multi-use; one as a guest room, the primary bedroom private with patio access, and two bedrooms with a jack and jill style bathroom. This home also includes a study nook, a media room with full-height glazed doors, lots of storage, a butlers pantry and a mud nook in the foyer. This is a family home ready for a lot of fun!
